

Japanese class

for children and their families with international backgrounds

Do you want to have fun with people from different places around the world through Japanese language and culture? Please bring what you want to study.

What can you gain from this workshop?

Have your questions answered by a Japanese teacher. Depending on the number and age of participants, there will be time for activities involving everyone.

For parents and guardians

Ex. Read school notices together.
Discuss life and raising children in Japan.

For kids

Ex. Go over some Japanese you might see in your textbooks.
Read out loud and listening practice for linguistic and emotional development.
